The DIMMER VIEW

by Max Goodwin

Smells of Yesteryear

One of the more enjoyable pieces are those which cause the reader to recall events which were pleasant.

This is not a severe task because many of the things we abhored in the past begin to appear pleasant as the sands of time builds a mound of forgetfulness.

So it is in an atmosphere of euphoria that attention is directed today at "Remembered Scents."

How many of these fragrances bring back memories to you?

New denim overalls
Fireflies caught in a jar on hot summer nights
A croup kettle steaming
Newly oiled fielders' gloves
Wet wool bathing suits
Sawmills
Carbon paper
Oil cloth
Pumpkins with Hallowe'en candles burning inside
Perfume worn by the first girl you kissed
Brand new books
Celluloid, when toys were made from it
Almost any Christmas tree
After it rained in summer
Warm leather
Ink, when it came in bottles
The shaded banks of any small stream
A freshly fired shotgun shell
Licorice whips
Castor oil
Trunks in the attic
Snuffed candles
Spiral fly paper
Paint
Any damp cellar, and
Pencils, when you chewed on them.

You, too, have a favorite remembered smell. Add it to this list and spend a nice day reminiscing.

You're welcome!

Grossmont High School District Advisors To Start Meetings

SWEEPSTAKES WINNER — Pretty Karen Eyler, 10, daughter of Mr. and Mrs. Keith Eyler, of 11706 La Corta st., Lemon Grove made off with eight trophies for her baton twirling in the four-state Sun Carnival in El Paso, Texas last week.
Of the eight trophies which she won, one was for Miss Sun Carnival Maporette and one was Advanced Sweepstakes for all ages. She also holds the title for Miss San Diego County Champion for the juvenile division in twirling and strutting.
Last weekend, the local twirler won the New Year's Junior Perpetual Sweepstakes in competition held at Grossmont College.

Citizens Advisory Committee To Mull District Bond Election

A Citizens' Advisory Committee will be meeting for the next five weeks to discuss the Grossmont High School District's need for additional facilities and a possible bond election this year.

According to District Superintendent, Dr. Austin Sellery, the committee will focus on the following questions: "Should the Grossmont District hold a bond election in June of 1971? If so, what should be the amount of the issue and what projects should be included?"

"If not, what would the committee recommend? The use of general purpose operating tax rate for capital outlay purposes? What other alternatives should be considered, such as increased utilization of school plants, or curtailment of certain programs?

Additional Steps

"What additional steps would you suggest the school district take as it relates to the future, including programs, use of facilities, use of tax rate and bonding capacity?"

The committee held its first meeting this week and elected William "Ted" Walton from La Mesa as chairman.

Other members include Ed Conforti, El Cajon: Thorwald A. Lambert, La Mesa, Lee Knutson, La Mesa; Emil Nagler, Lakeside, Tom Clayton, Lemon Grove; Margaret Ness, El Cajon; and Jack B. Hurt, La Mesa.

Members representing schools include: El Capitan High, Duane Pillsbury; Granite Hills High, Mrs. Thomas C. Smith; Grossmont, Mrs. Don E. Arnett; Monte Vista, Craig Howry; Mt. Miguel, Mrs. Lillian Collette; Santana High, Mrs. Donald Berger; El Cajon Valley High School will be represented by Mrs. E. B. Hill and Guy Fears; Robert Hamann, El Cajon, will represent a ninth high school which is in the planning stages.

Each School

The committee represents each school attendance area in the Grossmont District as well as a number of citizens selected to represent the entire Grossmont community at large.

"We've endeavored to make the committee as broad-based as possible, representing all geographical areas, school attendance areas, the various communities within the district, business and industry," Sellery said.

At the first meeting the committee also divided into sub-committees which will visit each school and assess individual school needs.

According to materials provided the committee, "The committee, in considering the needs of the District, are keeping in mind two points: (1) The current educational needs of youth, and (2) The limitations of our community's taxing capacity.

Proper Blend

"A proper blend of these two factors will produce a plan or recommendation that provides the maximum program benefit at the least cost.

"The committee must have a recommendation to the Governing Board by the middle of February in order for the Board to make a decision regarding a June bond election."

After assessing the District's needs, the committee is expected to look at a series of alternatives which would include: 1. A bond election to cover a five-year period in the amount of $17 million; 2. A limited bond election in an amount somewhat less than the $17 million; 3. The possible use of the operating tax rate for capital outlay needs; 4. A modified or more intense use of school plant by increasing the number of hours per week the plant is available for instruction, or by adding an additional day, such as Saturday, or a double-session arrangements; 5. Curtailment of the instructional program, such as shortening the length of class periods, increasing class size, or limiting the number of subjects a student can take, or graduating students as soon as they meet graduation requirements," said District Supt. Austin Sellery.

Difficult Task

"The committee faces a very difficult task in a short period of time. The District administration will provide the committee with all the information it can in order that their decision will reflect the best information available," continued Sellery.

Members of the community are invited to express their opinions to any member of the committee.

Meeting Set Today To Discuss Youth Center

Efforts to create a youth counseling and recreation center in Lemon Grove will be renewed this morning, when a joint committee of the Lemon Grove Lions, Kiwanis, Chamber of Commerce and Planning Association is held at 11:45 a.m. at Pernicano's restarant.

The effort, which started as a special committee from the Kiwanis Club, began late in November when an organizational meeting was held.

On December 10, the joint committee met the first time, breaking into three groups: building subcommittee, policy subcommittee, and finance subcommittee.

The purpose of the building committee was to explore the possibilities of buildings for rent that would be suitable for the center. It is expected that the subcommittee will make its report today and make recommendations for a building.

The policy committee, made up of an equal number of adults and students, ranging from junior high and high school students, was to come up with recommendations for purposes, policies and regulations for the center.

The finance subcommittee, primarily made up of bankers from the area, was to come up with recommendations regarding sources of revenue to finance the project.

After today's meeting, it is expected that the group will be ready to begin the project, deciding on policies, renting or leasing the site, and begin money-raising activities.

Dog-Lovers Get Break In Zoning Ordinance

By Dick Sims

SAN DIEGO (CNA) — Adoption of a pet fancier category in the county's zoning ordinance was recommended on Friday by the County Planning Commission.

The action was accompanied by loud applause from about 150 dog-lovers who attended the hearing to support the measure.

The ordinance provides a middle ground between private dog owners and commercial dog kennels. Under a pet fancier permit, an owner could have up to 15 adult (over six months) dogs if he had a land holding of 23,500 square feet.

The number of dogs permissable is on a sliding scale from six at 10,000 square feet with an additional dog for each extra 1,500 square feet.

The number of dogs that can be kept by a single owner without the permit would be reduced from six to four.

The ordinance will also allow commercial kennels in the A-3, A-4, M-1, M-2 and M-3 zones as a permitted use and by special use permit in the C-1, C-2 and LC zones.

Pet fancier permits would be allowed in agricultural, estate and single-family residential zones, but not in the multi-family residential zones.

Occasional sales of puppies would be allowed, but the rules may prohibit signs to advertise such sales.

The 10,000 square foot log size corresponds to the county's R-1 zone. The maximum number of pet fancier dogs allowed, that is, 15, would be on parcels of land slightly over one-half acre.

New Park For Valley Step Closer

Supervisor Harry Scheidle annouced last week that the Board of Supervisors approved authority of the Spring Valley Park and Recreation District to begin programming for a 4-acre park located on the 15-acre Spring Valley Sanitation District property on Sweetwater road.

The planning has been in a stage of development for seven months through many meetings with Bill Fitzpatrick, Postmaster-Spring Valley and President of the Spring Valley Chamber of Commerce; Herb Ketell, Park and Recreation chairman for the Spring Valley Chamber of Commerce; Larry Timmons, president of the Spring Valley Park and Recreation District and Vern Torres, past president of the Spring Valley Park and Recreation District.

The 4-acre site will be given to the Park and Recreation District on a long-term lease so that it will be able to not only have grass and trees but have capital improvements.

An option will be provided for acquisition of more acreage as the capability presents itself.

Also included in the agreement is the grassing and tree planting of the remaining acreage by the County of San Diego.

Scheidle said that this is the beginning of extensive planning and development that is needed for the residents of Spring Valley.

According to Bill Fitzpatrick, of the Spring Valley Chamber of Commerce, a meeting will be held, tentatively scheduled for January 23, to organize committees and get a timetable started for the proposed park.

Five Years Probation In 'Exposure' Given

SAN DIEGO (CNA) — A Spring Valley man who pleaded guilty to indecent exposure at the girls' locker room of a Chula Vista high school Thursday in Superior Court was put on five years' probation.

Richard Wayne Faust, 23, 554 Elkton blvd. was arrested in October, 1968, after the incident at the entrance to the locker room at Hilltop High School.

Faust fled but was caught in March, 1969, he pleaded guilty and was committed to the State Institution at Atascadero. He sent two periods there.

The director of the institution on Dec. 12, 1970, reported to the Superior Court that Faust has been rehabilitated to the extent that he is no longer a danger to others.

Judge William P. Mahedy Thursday put Faust on probation, with the instruction that he should not use alcohol during the five-year period.

Trustees OK More Free Lunches, Electric Service Plan For Palm Jr. High

The Lemon Grove School District Bard of Trustees met Monday night and approved more free lunches for needy students, approved the design and color of a brochure for the district, and made a decision regarding electric service for Palm Junior High.

During December, five students dropped out of the free lunch program, and 19 others were certified under the National School Lunch Act, bringing the total free lunch recipients to 237 in the district.

No Change

In the reduced price category, there was no change, as nine district students continued on the program, not counting all of the students at Golden Avenue School who are on the program.

Superintendent Byron Netzley also told the board that the students receiving lunches at Golden Avenue represents an increase of 19% over last year.

The board also agreed to hear the reports on the program each month.

Brochure Design

Regarding the design of the district's brochure, Trustees looked at a rough draft of the brochure, which is similar to one published by the Beverly Hills School District.

Trustees chose lemon yellow as the color for the new item, which will be distributed to employees of the district, visitors of the district, and others who would like to have a copy.

The brochure features financial and statistical information about the district.

Electrical Service

A decision was reached at the meeting regarding electrical service to Palm Junior High.

The district was faced with three alternatives for the service due to the "undergrounding" of service in the area when Palm st. is widened this year.

The alternatives were:

1) The district could convert the service from 4,160 volts to the 12,000 volts to be provided for the area, thereby retaining the three percent discount, bringing an annual savings to the district of about $121. Costs to the district for this conversion would run between $15,000 to $25,000.

Second Pole

2) The district could continue with the present 4,160 volt service, allowing for the

Sale of Heroin Charge Jails Two Local Men

Two Lemon Grove men were arrested Tuesday in a series of early morning raids which police says were aimed at major heroin dealers.

The two are Royal Olaf Broten, 22, of 1773 Colfax dr. and David P. Dawson, 21, 1526 Koe st.

In all, 12 persons throughout the county were jailed in the series which was conducted by city, county and state narcotics officers. Suspects were arrested by nine teams of officers armed with warrants issued for nine perons.

Three other persons were arrested although they were not named in grand jury indictments which stemmed from an investigation started last July.

Arrested but not named on the indictments was Mrs. Helen Christen Broten, 23, of the Colfax dr. address in Lemon Grove.

A state narcotics agent said those arrested "generally were acquainted but did not operate as a ring."

All were booked in county jail and were not interrogated at the San Diego police headquarters as is usually the practice. No reason was given for this departure from the routine.

Grove Man Gets Probation For Marijuana

SAN DIEGO (CNA) — A young Lemon Grove man involved with a marijuana sale, allegedly originating in a local bar, was put on probation last week for three years and fined $250.

Jerry Wayne Miller, 21, of 3510 Harris st., Lemon Grove, pleaded guilty to possession of marijuana in December. He was charged with supplying the weed to an undercover cover agent on Oct. 7. His probation report stated that the agent made the first contact with a Lemon Grove bar waitress who sent him with her daughter to her home.

The report continued that Miller was at the residence and delivered the marijuana sometime later to the agent. When he pleaded guilty to possession of marijuana, the charge of selling marijuana against Miller was dismissed.

The sentencing by Judge William P. Mahedy imposed the usual conditions against narcotics offenders: that they not go to Mexico, subject themselves to diagnostic tests and forfeit their right to demand a search warrant before subjecting themselves and their possessions to search and seizure.

Bail Cut For S.V. Cyclist

SAN DIEGO (CNA) — Bail for a young Spring Valley man accused of assault with a deadly weapon against a police officer was reduced in Superior Court from $15,000 to $5,000 last week on Wednesday.

James Lee McCord, 21, of Parkbrook st., was arrested Nov. 18 when sheriff's deputies answered a call of a possible burglary on Lake Jennings rd.

The report was of motorcyclists at a home, and the first deputies on the scene reportedly had to call for aid when, the cords state, McCord resisted arrest.

McCord is to go on trial on Feb. 17. His readiness conference, when he can change his present plea of not guilty, is set for Feb. 3.

Governing Board Member Election Planned April 20

The San Diego County Registrar of Voters, Charles J. Sexton, has announced that, pursuant to Section 1111, of the Education Code, a Governing Board Member Election will be held for the Lemon Grove School District April 20.

Filing perid for candidates for the school board is January 21 through February 25. Seats up for election will be those of Lyle Stumbaugh and Robert Sjogren.

Neither of the candidates have made indications as to whether or not they will refile.

Organ Concert Planned For January 24

A special organ concert is scheduled for January 24 at Shepard of the Valley Lutheran Church by Jim Hansen before ceremonies commence dedicating the church's new organ.

Hansen, who studied the organ under Mary Hensen and Richard Ellsasser at the MacPhail School of Music in Minneapolis, is co-owner of Southland Music Center, in Lemon Grove.

He is also organist for the San Diego State College Chorus.

Following the concert, which is scheduled for 7:30 p.m., the dedication will take place, followed by a reception by the women of the church. A free will offering will be accepted to go toward the organ fund.

The concert is open to the public.

CALIFORNIANS — The Californians, formerly known as the Contemporaries, will be singing at the First Baptist Church of Spring Valley Sunday evening at 7 p.m.
The group, which has been singing together for two years, originated at the First Baptist Church of Lemon Grove, and has traveled over 35,000 miles to perform over 250 concerts.
The ten youngsters in the group have appeared frequently on television singing pop and gospel music. They are a favorite of many Navy and Marine installations.
The group recently recorded a record album featuring sacred music on one side and popular music on the other. It is available at the Foothills Bible Book store in La Mesa.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

"Pondre" is a powerful word. It means "I will put" or "I will place." The key to effectively using it is found in correctly pronuncing it. The word stress is on the last syllable. Phonetically it is "pohn-DREH." Obviously "pondre" is only one word in Spanish but it takes three words to express the same idea in English.

"Pondre el some sombrero." (I will put on the hat.) suggests that this is an action to be taken in the future. If we wish to say "I am putting on the hat." we will say "Yo pongo el sombrero." which suggests that the statement is taking place at the same time that you are putting on the hat.

After the hat is on your head you may say "Puse el sombrero en la cabeza." for "I put the hat on my head." By saying it in this manner there is an implication that the action was taken prior to the present time, or in the past.

"Esta puesto" uses a variation of the same verb and means "It is on." A negative statement is seen in "No esta puesto." (It is not on.).

"Ponga el sombrero." is the command form and is used to command someone to "Put the hat on." A negative command is seen in "No ponga el sombrero." for "Don't put the hat on."

"Esta puesto en la mesa." is a simple statement which means "It is placed on the table." If we wish to question "Where is it placed?" we say "Donde esta puesto?"

Some variations of "pondre, puesto, and ponga" appear in practice phrases listed below. You may wish to learn how to say them with the aid of the recorded voice that says them for you when you dial 276-2762.

IMPORTANT PHRASES:
Say "Ponga el sombrero." (JOHN-gah ehl sohm-BREH-roh)
for "Put on the hat."
Say "Esta puesto." (eh-STAH-poo-EHS-toh)
for "It it on."

USEFUL PHRASES:
Say "Pondre el libro aqui." (pohn-DREH eh l LEE-broh ah-KEE)
for "I will put the book here."
Say "Pongalo a lla." (POHN-gah-loh ah-YAH)
for "Put it over there."

OTHER PHRASES:
Say "No esta puesto." (no eh-STAH poo-EHS-toh)
for "It is not on."
Say "Yo se." (yoh seh)
for "I know."

The average cigarette smoker consumed 4,030 smokes in 1970, or 201.5 packs, an increase from 3,993 smokes the previous year, the USDA said.

Local Group Raising Cash For Library

Explorer Post No. 168, of Saint John of the Cross Church, in Lemon Grove, announced last week that members of the post will raise the first $100 to finance a library for children in Sabah, Malaysia.

The group will be working with Bruce Patcher, a Peace Corps teacher who recently returned from the town.

Patcher made a presentation recently at a meeting of the post, showing slides, photos, and handicrafts from the places where he had worked.

Books for the library have been obtained, and the money will be used to transport them, according to Patcher.

Money is being raised by can collecting, towing away junk cars, newspaper collecting, and salvaging of things of value from swap meets and auctions.

Cancer Society Moves

The San Diego County Headquarters of the American Cancer Society announced last week that the chapter moved to the "C" st. office of Silver Gate Savings and Loan Association.

The new office is located on the second floor of the building at 711 "C" st., and the new phone number is 235-6586.

SKY PILOT — Lemon Grove's Bob Turnbull and Hawaii Senator Eureka Forbes.

Grove Man Officially Named 'Chaplain of Waikiki Beach'

The Hawaii State Senate added another colorful legend to the history of the Christian Church in Honolulu in a Senate resolution offered by Senator Eureka Forbes acknowledging Bob Turnbull as "The Chaplain of Waikiki Beach", so named in a letter by the Governor of Hawaii, The Honorable John E. Burns.

The occasion of the Senate resolution was to extend best wishes and success to Bob Turnbull for his "Soul Talk Crusade" series on the Mainland. Turnbull is the son of Dr. Amorita Treganza, of 7898 Broadway, Lemon Grove. Bob will be spending several months each year on the Mainland, with homebase being Waikiki and his Chaplaincy.

"The Chaplain of Waikiki Beach" enjoys the unique privilege of a national evangelistic platform without changing geographical locations. Thousands of tourists will visit the Waikiki Beach and worship in the majestic, illusionary cathedral on Waikiki sand, canopied with a beautiful blue Hawaiian sky . . . illuminated and warmed by the golden Waikiki sun and air-conditioned with the cool, fresh tradewinds of the Islands. The cathedral walls are the horizons. The location for the regular "Sun and Soul Talk" services is behind the Hilton Hawaiian Village Lagoon where hundreds of people gather. The contemporary cathedral music is accented by the beautiful, melodic rhythm of the surging surf of Waikiki.

Turnbull headquarters at The Penthouse Church of Waikiki (Prince of Peace Lutheran) but works with all churches. He serves as a chaplain of the Honolulu Police Department, is the organizer and founder of Hotline (24-hour emergency phone) and Hale O Kokua (House of Help), a beach shack for the youth on Waikiki. He was recently named "Man of the Year" by the Waikiki Junior Chamber of Commerce. His initial book, "Will the Old Bob Turnbull Please Drop Dead" (David C. Cook) is in its second printing.

Bob was married in October to Julie James of Miami, who now assists with his Chaplaincy. She was a 1970 Orange Bowl Princess, and recently spent six-months traveling throughout the world with the annual Youth for Christ Teen Team as a singer.

Wheelchair Preacher Comes To Lemon Grove Lutheran Church

The Rev. Allen V. Lee, who has served on the Staff of Evangelism of the former Evangelical Lutheran Church and the American Lutheran Church for twenty-five years will be in Lemon Grove, Sunday through Wednesday, conducting a series of preaching services at the Lemon Grove Lutheran Church, Rev. A. R.

Pastor Lee

Herbert Johnson, Pastor, has announced.

A native of Stewartville, Minnesota, Pastor Lee is a graduate of Luther College, Decorah, Iowa; and Luther Theological Seminary in St. Paul, Minnesota. For three years he coached athletics at Garretson High School, Garretson, South Dakota, until he entered the Seminary in 1935.

Pastor Lee, known as the "Wheelchair Evangelist" was stricken with polio in 1938, while he was a senior at Luther Seminary, St. Paul. For the past 25 years he has been an Evangelist preaching from his wheelchair.

Pastor Lee received treatment for his illness at hospitals in Rochester, Mpl., and Warm Springs, Georgia, improving enough to return to Luther Seminary in 1940, graduating the following year.

He received further personal treatment from the late Sister Elizabeth Kenny in Minneapolis. He has partial use of both arms, though his trunk and legs remain paralyzed.

As an ALC Evangelist, Lee has traveled nearly one million miles throughout the U. S. and Canada driving an auto with hand controls. His wheelchair sermons emphasize faith to bring victory over physical limitations, and he is popular with children and young people.

He was ordained into the ministry of the Evangelical Lutheran Church on May 3, 1959, the first man in a wheelchair to receive such action by this 1,100,000 member body.

He was installed as one of the Preaching Evangelists in The American Lutheran Church on January 1, 1961.

Pastor Lee and his wife make their home on a farm at Hayfield, Minn.

The story of Pastor Lee's struggle with polio has been featured in the book entitled "My Soul More Bent" by Melva Rorem.

The Grossmont District of the Boy Scouts of America has announced that the first den mothers' workshop will be held January 19 at the American Legion Hall, 8118 University ave., La Mesa, from 9 to 11:30 a.m.

Fee for the workshop will be 50 cents. Women who attend are asked to bring a coffee cup, a 9" X 12" piece of felt, eight feet of yarn, a package of rayon seam tape, a piece of cardboard from a new shirt, a cup of rice, and colored beans.

Also needed for the workshop will be an upholstery needle, an end roll of toilet tissue, a 2" styrofoam ball, a 9" X 12" sheet of blue construction paper, and a "magic bag."

The "magic bag" consists of a stapler, scissors, glue, felt, pen, pencil, ruler, knife, hole punch, large nail, cellophane tape, straight pins, and a small paint brush.

Panel Discussion Held At Gallery

"Creativity for the Millions: The Artist Serves the Media" was the topic presented in a panel discussion held at the Fine Arts Gallery of San Diego, Balboa Park, Tuesday in the James S. Copley Auditorium.

Tom Suzuki, Director of Design, CRM Books; Tom Gould, Art Director of **Psychology Today** Magazine; and William Noonan, San Diego Graphic Designer, explored the specialized branch of art creativity which produces graphic design and illustration for the mass media.

The panel discussed such questions as — What requirements are imposed on artistic expression when it is applied to reproduction in mass media communication? Is the contemporary artist/designer just a "hack" subject to the dictates of editors, etc.? Is he actually "copping out" on his true role as artist when accepting an assignment for pay?

Rotary Meets Tomorrow

The weekly luncheon-meeting of the Spring Valley Rotary Club will be Friday at 12:10 p.m. in the Ox Bow Inn, Campo rd., in the Casa de Oro area of Spring Valley. All Rotarians are welcome, says president Don Tarr.

Mail Bag

Dear Editor,

Although Christmas is a pleasant but rapidly fading memory, the work of Christmas Seals goes on.

The attractive, postage stamp-sized Christmas Seals finance the fight against tuberculosis, other respiratory diseases, cigarette smoking, and air pollution.

It's never too late to give to Christmas Seals. If any of your readers have not yet made a Christmas Seal contribution, we urge them to do so today!

Sincerely yours,
Simon C. Brumbaugh, M.D.
Lemon Grove - Spring Valley Area Chairman
Tuberculosis & Respiratory Health Assn. of San Diego & Imperial Counties.

Dear Editor:

Due to the cooperation, support, and donations of the community, the Spring Valley Community Welfare, Inc. was able to make Thanksgiving and Christmas much happier for 65 families, including 353 individuals, in our area.

The support of Spring Valley PTA's made our October Rummage Sale a success with funds designated for the holiday project. The Girl Scouts, Cub Scouts, S.V. Rotary, American Legion Aux. 282, Grossmont Sp. Educ. Faculty, Decca, Science and Home Ec classes of Mt. Miguel, La Presa and S.V. Jr. High students, Elementary PTA's and individuals too numerous to mention contributed food, money or gifts.

It was truly a community project and we thank all of you for taking the time to care and wanting to share with those less fortunate.

Lillian Duncan, President
Laurie O'Brien, Holiday Ch.

Local PTA Notes

La Presa Jr. High

The La Presa Junior High School parent-teacher association will present a family life education program to the parents of students at the school January 20, 27, and February 3.

Patricia Fitzsimends, the school nurse, along with principle Roy Williams, will hold discussions and show the film at 7:30 p.m. each date in the school cafetorium.

The PTA also announced last week that the group, along with the La Presa Junior High student council, will sponsor a trip to Disneyland February 20.

Mount Vernon

The recent book fair held by the Mt. Vernon Elementary School PTA resulted in 397 volumes being purchased by area residents, according to Library chairman Mrs. John Obendorfer.

Working on a percentage of total sales, the PTA realized $65.53 for its fund to purchase additional books for the school library. A portion of the profit was used to buy five volumes for the kindergarten classes.

The December health and welfare campaign to assist needy area families for Christmas resulted in aid to three groups.

Monterey Heights

The Monterey Heights PTA will meet for their January unit meeting at 7 p.m., tonight in the school cafetorium, 7550 Canton dr.

Mrs. Connie Cofer will present the program which will be a visit with Sam Gruneisen, Charger Center. Gruneisen will show films of Charger players and discuss them.

A Father-Child Cake Bake will be a part of the program. The cake entries should be at the cafetorium at 6:30 p.m. at which time they will be judged and displayed. Prizes will be awarded. The cakes will be served as refreshments late in the evening.

Avondale

The January meeting of the Avondale PTA will be held January 19 at 7:30 p.m. in the school's cafetorium.

Guest speaker for the evening is Gary Whitlock, from DEFY (Drug Education for Youth) sponsored by the Dept. of Public Health, County of San Diego. He will speak on drug abuse and DEFY services. A question and answer period will follow.

The Color Guard for the evening is the ROTC from Mt. Miguel High School. At the last unit meeting Mrs. Robert Hawley was honored as VIP of the month. Hostesses for the evening will be 3rd grade mothers.

San Altos

The monthly San Altos School PTA meeting will be held tonight at 7:30 p.m. in the school cafetorium. Mrs. Kenneth O'Brien, Program chairman, will introduce the Californians, a popular young group of musicians from the First Baptist Church in Lemon Grove.

The Californians have performed across the United States, on television, and have recorded albums. The group will entertain the audience with a half hour of pop and gospel music.

Refreshments will be served following the program by the second grade room mothers. Child care will be provided for the younger members of the family.

Vocational Class In Welding Opens Feb. 1

A special course in vocational welding has been opened to interested students and adults in San Diego County, according to C. A. Wheelock, coordinator of Grossmont High School District vocational adult education.

The program is funded under the Regional Occupational Program (ROP), and offered through the Grossmont High School District adult education program.

The class will be held at El Cajon Valley High School and begins February 1.

The objective of the course is to prepare students to become arc welders, acetylene welders, T.I.G. welders for aircraft, and M.I.G. welders. Students successful in the course will be able to meet N.A.S.A. specifications upon completion," according to Wheelock.

"The course is designed to prepare students for occupations in the welding field, including apprentice, combination, production line, and repair welding," said Wheelock.

There will be three sections of the course. The first will meet Monday through Friday from 1:45 p.m. to 4:40 p.m. A second will meet 7 p.m. to 10 p.m., Monday through Thursdays. Another section will meet from 8 a.m. to 4:30 p.m. on Saturdays.

"Enrollmnt is open to high school students, continuation school students, out-of-school youths and adults, who are residents of San Diego County.

Students must have reached senior status, and out-of-school youth must be of employable age upon completion of the course.

Preference will be given to those who have completed Metal Shop I, or equivalent experience," said Wheelock.

For further information, contact V. P. Peterson, Adult School Principal, El Cajon Valley High School, 442-2401, or C. A. Wheelock, Vocational Adult Education, 449-0272.

Monte Vista Grads Have High GPA's

A study of Monte Vista graduates who attended San Diego State College has shown that the local students have a higher grade point average in their freshman years than do other students, according to an article in the school newspaper.

The average grade point average of 1968 graduates of Monte Vista in their freshman year was 2.86, while grade point averages for all other freshmen at the college was 2.50.

From 1964 to 1969, Monte Vista graduates averaged .23 higher than all other freshmen at State College.

Monte Vista graduates attending the University of California averaged .26 higher than other freshmen, over the same five-year period.

The best year for Monte Vista alumni was in 1964 at the University of California, when the Monte Vistans averaged 3.11, while other freshmen averaged 2.42, a difference of .69.

Local District To Host Fair

The San Diego County Department of Education has announced that the La Mesa-Spring Valley School District will play host to the annual East County Math Fair.

Charmon Lehew, the district's elementary school coordinator, indicated that a large variety of math laboratory materials will be displayed and demonstrated, and packets of teacher math materials will be distributed.

The planning committee for the fair met Tuesday afternoon at the education center to plan the affair.

TV's Raymond Burr Heads Heart Fund

Raymond Burr, star of "Ironside" and "Perry Mason," two top-rated network shows seen on San Diego television, will serve as honorary chairman of the local 1971 Heart Fund, it was announced by Frank A. Gibson, president of the San Diego County Heart Association.

A frequent visitor to San Diego, Burr said that he is especially delighted to accept this assignment because "I am terribly concerned with the alarming death rate due to diseases of the hearte and blood vessels. Right here in San Diego, we lose nearly 5,000 persons annually."

The local Heart Association will conduct its annual Heart Fund campaign during the entire month of February which has been designated "Hearet Month."

State College Headed For Financial Woes

San Diego State is one of five California schools headed for financial trouble according to the Carnegie Commission on the future of Higher Education.

The commission has named the University of California, Berkeley; Standford University; the College of San Mateo; and Pomona College.

William Erickson, San Diego State business manager said that to his knowledge the Carnegie report lists State as one of California's state colleges in trouble because it has a critical over-enrollment for the current semester.

"There were about 2,500 students over the 23,500 students for which we were budgeted," Erickson said. "The result was overcrowding in classrooms and a shortage of professors."

He said that despite the opening of 31 new classrooms in the library-classroom building, space and faculty shortages still exist.

American colleges, torn between rising costs and lagging incomes, face financial problems "serious enough to be called a depression," the Carnegie report said.

The Commission noted that private giving, as well as increased college income from tuition, will have to fill the breach.

Business manager Erickson said the college is dependent upon philanthropic help for academic tools that make a university great. He cited the need for non-state supported scholarships, book collections, works of art and grants to bring fresh research into the classrooms.

400 To Attend Science Institute Today, Tomorrow

Nearly 400 science teachers, counselors and administrators from secondary schools and community colleges throughout the San Diego County area will attend a two-day science conference in the Town and Country Convention Center today and tomorrow.

Walter A. Zitlau, president of the San Diego Gas & Electric Company, said that 17 eminent scientists, educators and industrialists will participate in the event. They will discuss a broad range of subjects relating to the conference theme — "Science and Technology and the Quality of Life."

The two-day event is sponsored by the Thomas Alva Edison Foundation and the San Diego Gas & Electric Company. It is designed to acquaint educators with advances made in science and technology and to help them stimulate student interest in pursuing careers in those fields.

Sessions, some of them running simultaneously, are scheduled from 9:45 a.m. to 7 p.m. Thursday and from 9 a.m. to 3 p.m. Friday.

Avondale Sixth Graders Launch Drive

Three sixth grade classes at Avondale Elementary School are trying to collect enough aluminum cans to have a "night at the rockets" March 5.

The Rockets are sponsoring a program in conjunction with Alcoa's "Wes We Can" program to benefit the ecology.

Under the Rockets' program, each person who collects 10 pounds of aluminum cans will be admitted to a free game on special dates.

The night at the Sports Arena will be for the 105 sixth graders at Avondale, provided they collect the 1,050 pounds, which is about 21,000 cans.

March 5, the Rockets will take on the Seattle SuperSonics in the second game of a double header. Chicago and San Francisco will square off in the first game.

The group also will be treated to a pot luck dinner given by the sixth grade parents, in appreciation for the ecology work the students will be performing.

Anyone wanting to contribute cans to the drive may call 463-9275, for a free pick-up.

Mural Published

The La Mesa-Spring Valley School District announced last week that a kindergarten mural from Rancho School appeared in the Christmas edition of San Diego Magazine.

The mural was created by students Denise Penly, Sonia Salanga, Christian Chase, Larry Redlinger, and Marlene Gorelick, under the direction of their instructor, Joanne Julian.

The mural is currently displayed at the office at Rancho School, along with the photograph from the magazine.

Square Dance Club To Welcome Guests

The Calico Twirlers Square Dance Club will meet at 8 p.m. on Tuesday, February 2 at the Lemon Grove Women's Club, 2810 Main st., Lemon Grove to welcome guests to a new class.

Peanuts To Arrive Here

Over 120,000 pounds of peanuts arrived in San Diego County this week for the Camp Fire Girls' annual Peanut Sale which will start tomorrow. The council goal for the two-week sale is 140,000 cans with 20 percent of the sale profits designated for the building fund for the Camp Wolahi Lodge and Dining Hall.

Camp Wolahi is the Camp Fire Girl resident facility near Lake Cuyamaca which was attended by nearly 900 girls during its seven summer sessions in 1970. Throughout the remainder of the year, the camp is used by Camp Fire groups for weekend camping.

This year's Peanut Sale will feature two new products — Butter Toffee Peanuts and Party Peanuts — in vacuum-packed cans with distinctive labels picturing Camp Fire Girls.

"Sell A Lion's Share" is the 1971 slogan for the sale, as many of the 425 groups from throughout the County try to earn "Marmalades" for themselves.

Marmalade is a stuffed orange lion, chosen as the mascot for the 1971 sale, and all members of groups which double their sale quota will receive 12-inch Marmalades.

Wallace Featheringill is Council Peanut Sale chairman.

'Charlie' Is Skeleton In Photograph

A skeleton, fondly referred to as "Charlie" by a sixth grade class at Kempton Street School in Spring Valley, was recently included in a composite class photograph at the school.

Charlie, the pastic skeleton from the La Mesa-Spring Valley School District's education center, originally came to the classroom to help out with the study of bones.

The students in the class, however, decided that he should be accepted as one of their classmates, so they soon had him dressed in the latest styles in men's attire.

The girls in the class had other ideas about Charlie, though, and renamed him Charlotte, and dressed him in nylons, mini-skirt and see-through blouse.

Charlie's patience and good humor earned him the spot in the photograph, and also earned him the honor of being on the school's safety patrol.

Local Student Gets Honors At College

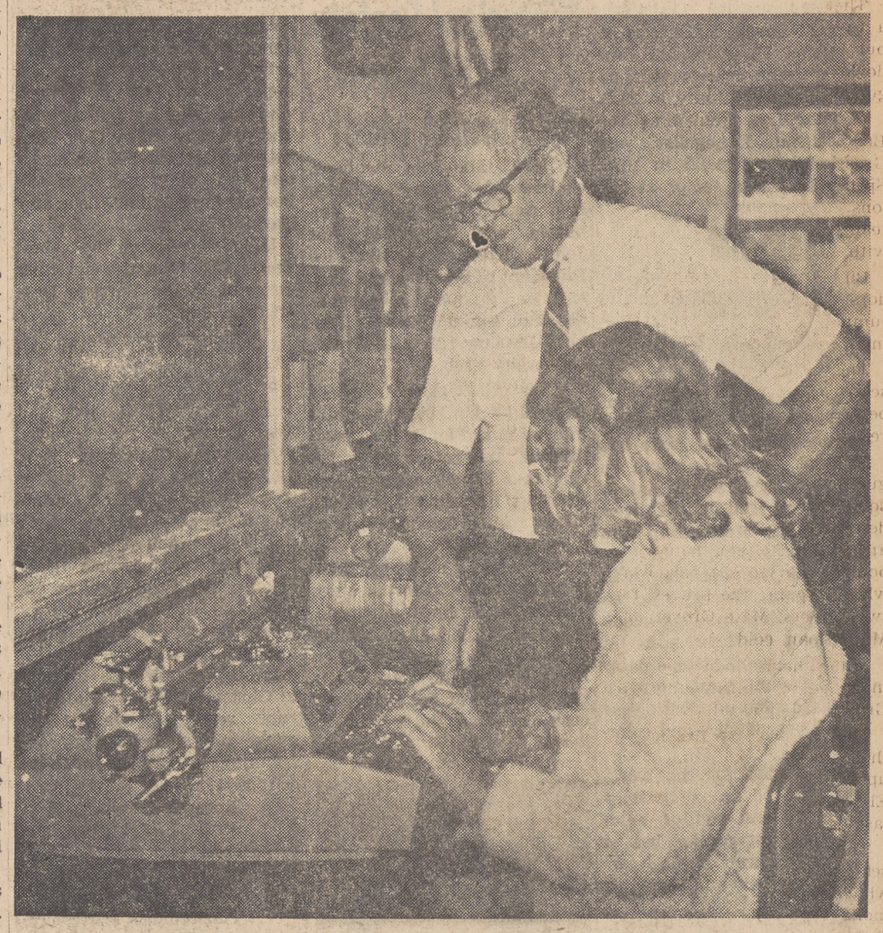

Orlee Holder, of Lemon Grove, was one of 179 students at California Lutheran College who were selected for the Dean's Honor List for the fall quarter, according to Dr. R. W. Edmund, vice president for academic affairs.

To qualify for the list, the senior from Lemon Grove had to maintain a 3.5 grade point average for academic subjects.

The select group was selected from a student body that numbers 1100, according to Edmund.

NEW EQUIPMENT — Helix High School, in keeping with its already outstanding program in graphic arts, has been steadily adding to the equipment for the course. The machine above handles several hundred copies from one original.

AND THIS BUTTON — Instructor John Roang shows one of the students in his class how to use a veri-typer, which is used to print type for use in offset printing. Courses in graphic arts are open to all students in the Grossmont District as well as adults in the County.

Bank Group Shows 14 Per Cent Increase

The Southern California First National Corporation, whose principal subsidiary is the Southern California First National Bank, reported a 14 per cent increase in net income during the corporation's second year of operation.

Bank deposits increased six per cent to $572 million over last year's figure of $540 million, officers said.

The corporation's net income reported on a consolidated basis for the year ended December 31 was $4,086,000 or $1.29 a share, up from the previous $3,584,000 or $1,15 a share.

Income before securities transactions was $4,427,000 or $1.39 a share, compared with $4,857,000 or $1.56 a share in 1969.

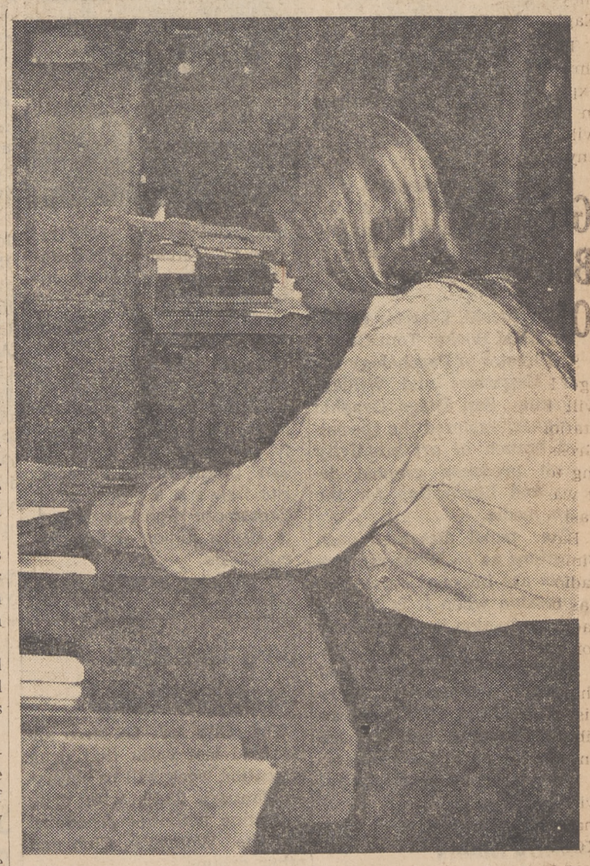

Net securities losses totaled $341,000 for 1970 compared with $182,000 for the previous year.

All 1970 per share calculations are preliminary and are based upon full conversion of convertible debentures now outstanding.

"The drop in income before securities transactions for 1970 was due to operating expense for possible loan losses of $1,399,000," Johnson said. This comparable expense in 1969 was $560,500.

Loans charged off in 1970 net of recoveries were $3,791,000 compared with $397,000 in 1969. The higher figure was due to one particular loan loss of $2,700,000.

Professor Named To Head Orchestra Clinic

The Grossmont Union High School District Board of Trustees has announced that Paul Anderson, professor of music at San Diego State College, has been named as a consultant and musical director for the district's orchestra clinic and festival.

Anderson will rehearse with and conduct the orchestra, which is made up of students from the eight high schools in the district. The festival is scheduled for February 6.

Monte Vista Splits Pair, Matadors Get Two Wins

Mt. Miguel Beats Vaqs, Stuns Braves

Mount Miguel's basketball team is rapidly establishing itself as the most improved team in San Diego County this year, as it won a pair of games last week to share the league lead with Grossmont High.

Last Tuesday, the Matadors were expecting a rugged game from El Capitan, and the Vaqueros obliged them for three quarters before the Matadors came storming back to outscore El Cap 24-11 in the last period.

As the game opened, it developed as a contest between the Matadors' John Slater and the El Cap team. Slater scored the team's first ten points in the first period and led the crew to a 14-11 lead over El Cap.

The Vaqueros came back to a two-point lead by halftime, but the local team settled down in the second half to win going away, 69-51.

On Friday, the El Cajon Braves, rated second in the Grossmont League, visited the Spring Valley school with visions of drubbing the local team and moving into a tie with Grossmont for first place.

But Dwight Teaters Matadors had other visions, and jumped away to a 20-6 lead in the first quarter.

The local team moved the score up to 35-18 at halftime before flooding the floor with reserves in the third period.

According to the Mount Miguel coach Teater, the Miguel squad won the game on its defensive play, as Tom Young and Tim Miller nailed rebounds and forced turnovers while stopping the Braves' top two scorers, Mike Grover and Mike Sloan, cold.

Miller held Sloan scoreless in the game, while Young held Grover to eight tallies.

The win over the Braves for the Matadors was a bit of an upset, although some of the El Cajon players had been ill last week.

The victory left the local school with a 2-0 lop mark, which is the same as Grossmont, who the Mats played Tuesday. Grossmont was the favorite in that game.

Tomorrow night, the Matadors will get a brief rest as they take on the Granite Hills Eagles at Granite Hills.

The Eagles, 0-2 in loop play thrugh last week's games, are expected to finish in last place in the league this year, and will be hard pressed to win any games.

RIGHT DOWN THE MIDDLE — Tony Jacklin, U.S. Open Champion, and runner up in the Andy Williams San Diego Open last year, keeps his eye on the ball following another great tee shot. Jacklin, who lost to Pete Brown last year at the San Diego Open in a sudden-death playoff, is expected to be on hand for this year's tournament, which gets underway January 28 at Torrey Pines.

Trevino, Jacklin Lead Pros In San Diego Open

Colorful Lee Trevino, leading money winner of 1970, and National Open Champion Tony Jacklin head an impressive list of touring pros who signed commitment sheets at the Los Angeles Open to compete in the Andy Williams San Diego Open golf tournament Jan. 26-31 at Torrey Pines.

They join a field that already includes defending champion Pete Brown, Billy Casper, Jack Nicklaus, Dave Stockton, Dave Hill, Dick Lotz and Gene Littler.

Among former winners of the AWSDO or its predecessor, the San Diego, to sign up in Los Angeles are Tom Weiskopf (1968), Bob Goalby (1967), Tommy Jacobs (1962) and Bob Rosburg (1956). Nicklaus, Casper and Littler have also won here.

Additional big names who signified intention to vie for the $170,000 pot include Bob Lunn, third in the nation in PGA point standings last year; former National Open Champions Orville Moody and Jack Fleck; Ray Floyd and Don January, 1969 and 1967 PGA titlists; former Masters winner George Archer, Doug Sanders, Dow Finsterwald, Ken Still, Dave Marr, Lionel Hebert, Bert Yancey, Chuck Coody, Charlie Sifford and Grier Jones.

Trevino finished first in the U. S. last year in money won ($157,037) and PGA points (1533.16). He won the U. S. Open in 1968 and last year captured the Tucson and National Airlines Opens.

Jacklin was runner-up here last year after losing a sudden death playoff to Brown on the first hole. He was the British Open Champion in 1969. A British subject, he will return to his homeland following the San Diego tourney.

Gross-Snider Back as Voice Of the Padres

SAN DIEGO — All San Diego Padre games this season will be broadcast over radio station KOGO with Jerry Gross and Duke Snider returning to handle the play-by-play, it was announced by E. J. Bavasi, club president.

Bavasi also said that Frank Sims, a member of the Padre radio team the past two years, has been appointed director of radio and television operations for the club.

Sims will be in complete charge of all Padre radio-television broadcasts with responsibility for sales, production and development.

In a joint announcement with mel Wheeler, general manager of television station KCST (Channel 39), Bavasi, said that 22 Padre road games will be telecast. Bob Chandler, KCST sports director, assisted by Snider will return as announcers.

Wheeler said that the television schedule will include all Padre games played with the Dodgers at Dodger Stadium and with the Giants at Candlestick Park. Four other games will be announced during the season.

The Padres open their season at San Diego Stadium April 6 against the San Francisco Giants.

41 Gridders Get Letters At USIU

United States International University presented 41 athletics with varsity letters and honored a number of individual team members last night at a banquet held at the Yacht Harbor Inn.

Among the 41 Westerners who earned varsity monograms during the past season were 21 seniors, many of whom played on the two teams coached by Marv Braden that compiled a total of 14 wins against only six defeats during two identical 7-3 campaigns.

These two back-to-back seasons were the best in 13 years of intercollegiate football at USIU. This year's team also put five new records in the books, including a 51-yard field goal kicked against Puget Sound by Dale Curtis, one-armed senior from Anaheim.

The other new marks were: Dean Bradshaw punted 72 times — his total yardage of 2778 for punts was another standard — and Bill Nugent set two records in scoring with 20 touchdowns and 120 points over two seasons.

Rockets Set For Home Frays; Hanum Back

On the heels of the 21st annual NBA All-Star Game held in San Diego earlier this week follows two crucial home games for the San Diego Rockets over the weekend.

The Baltimore Bullets provide the opposition on Friday, January 15, in an 8 p.m. contest while the Philadelphia 76ers come for a Sunday night game at 7 p.m.

The Sunday encounter is Navy Relief Night with a portion of the evening's proceeds being donated to this project.

The Bullets are currently leading the Central Division of the Eastern Conference with a comfortable seven-game lead over second place Cincinnati.

The Baltimore team has been in town since Monday for the All-Star game and festivities while three members of their team, center Wes Unseld, 6-8; forward Gus Johnson, 6-7; and guard Earl "the Pearl" Monroe, 6-3, played for the East squad.

The Rockets will be attempting to break a four-game loss streak against the Bullets Friday. Coach Alex Hannum returns to his coaching chores after missing those same four games with a respiratory infection.

He is expected to start the Rockets' all-star representative, Elvin Hayes, at center; John Trapp and Don Adams at forwards; and Calvin Murphy and Stu Lantz at guards.

Highlanders Stun Loop's Top Team

The Monte Vista basketball team, hobbled by the flu, cases of strep throat, and injuries, ran out of luck last week as the Helix Highlanders pulled the upset of the year last Tuesday by beating the local school, 74-49.

Despite having forward Jack Cross in bed with the flu and seeing a weakened Alan Bunting on the floor along with a lame Bob Papciak, Monte Vista was the slight favorite for the game.

But the Helix squad was "up" for the contest, and drew away in the second helf for the win.

The Highlanders took the lead in the second period, outscoring the Monarchs, 19-9. In the third period, the Scots pulled away to a 48-36 lead.

The Monarchs came out in the fourth quarter with a full-court press, hoping to force enough turnovers to dig out the win.

The strategy backfired, however, as the Scotties utilized the fast-break en route to scoring 16 straight points to breeze to a 70-43 lead.

The loss was the first of the year for the Spring Valley school, and left the Mnarchs with a 13-1 mark.

Monte Vista straightened things out on Friday, however, as Bob Papciak led the Monarchs to a 56-49 conquest of the Santana Sultans.

Fighting back after the loss to Helix, the Monarchs streaked away to a 23-10 lead after the first quarter of the Santana game.

The fired-up Monarchs were a little too overeager, however, and Gary Earle was bounced out of the game in the first half after being involved in a fist-fight.

The Sultans came bounding back in the second period and were down 29-22 at halftime, and continued to shoot well in the opening minutes of the third stanza, tying the scoret with five minutes left.

Then the roof fell in on the Suantee squad, as a lame but game Bob Papciak started hitting from the outside, enabling Monte Vista to build up a nine-point margin by the end of the period.

In the final stanza, the Sultans made one last bid, narrowing the gap to three points, but they were again turned away by the steady shooting of Papciak.

Next on the schedule for the local school is an contest with the second-rated El Cajon Braves tomorrow night at El Cajon. The Braves, although they lost to Mount Miguel last Friday, should provide a good game for the locals, as they utilize a three-man attack with Sean Barrett leading the way.

Other rough characters in the El Cajon offense include Mike Grover and Mike Sloan.

Ice Spectacular Opens Tuesday

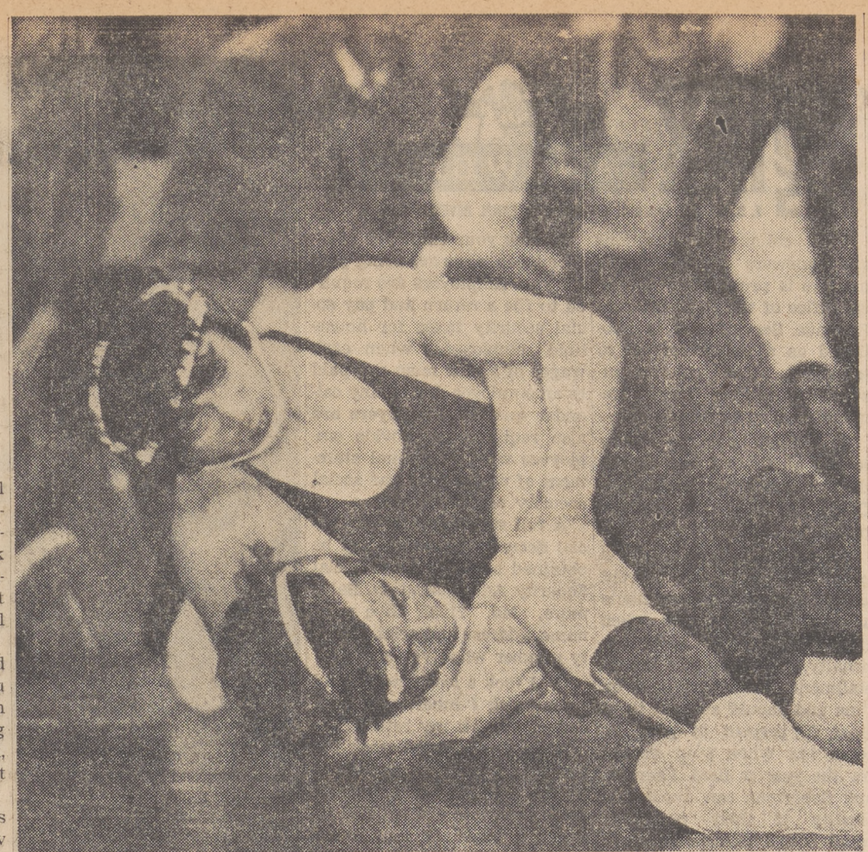

Holiday on Ice, the skating spectacular noted for lavish production numbers and breathtaking costuming, opens a six-day run at the San Diego International Sports Arena on Tuesday (Jan. 19).

Hearlining the show is Gary Visconti of Detroit, U. S. Olympic and World Team Member, and Anna Galmarini, Italian champion and Olympic performer who has been starring in the show's European production the past two seasons.

Production numbers include an opening tribute to the late Sonja Henie, plus "The Enchanted Toy Shop," "Counterpoint," "Cinderella," "Yourushka" and "Old London Town."

A number of comedy and novelty acts are also featured, including a unique animal act which team chimpanzees and a Great Dane on the ice.

Tickets, priced at $5.50, $5 $4, and $3, are available at the Sports Arena Ticket Office. Call 224-4176 for ticket information.

GRAPPLERS — Monte Vista High School's wrestling team remained undefeated in league action last Friday night by beating Santana, 32-13. Jeff Callahan and Randy McCorquodale were instrumental in the win, as they each scored pins.

SDS Cagers To Play Host To Two Teams

San Diego State will attempt to break into the win column this weekend in Pacific Coast Athletic Association play by hosting UC Santa Barbara and Cal State Los Angeles, both unbeaten in PCAA activity.

The Aztecs, 3-7 on the season and 0-1 in PCAA action after losing to Cal State Long Beach 83-74 last week, host UCSB Friday night and Cal State LA Saturday night. Tipoff time for both games is set for 8:05 p.m. in Peterson Gym on campus.

Coach Dave Fontius' frosh team will play 5:45 p.m. preliminaries both nights against the respective yearling teams of the varsity opponents.

The Aztecs split a pair of games last week, losing to Long Beach in conference play, but rebounding the following night to club Seattle, 100-85. Gary Schneider led State in the two games with 34 points and 15 rebounds.

Senior Von Jacobsen netted 32 including 30 in the win over Seattle. The outburst leaves Von with 993 career points, just seven shy of becoming only the eighth Aztec to score 1,000 career points.

Joe Lavender dropped in 30 points and scored 16 rebounds to cap his finest weekend series of the season.

Jimmy Harris continues to lead in scoring with 16.0 as does Schneider in rebounding. Schneider is also running second in scoring at 15.3. Lavender and Jacobsen each boosted their average into double figures with their performances as each stands at 10.6 a game.

Registration For Bobby Sox Set Next Week

The Spring Valley Bobby Sox League has announced that registration time starts next week for girls aged 9-14 who like to play softball.

Three registration dates have been scheduled starting with January 23 at Kresge's in the Spring Valley Shopping Center from 10 a.m. to 3 p.m.

Other sign-up times are January 25 and February 6. The January 25 registration will be held at Bancroft Elementary School from 5 to 9:30 p.m. The February 6 date is at Kresge's from 10 a.m. to 3 p.m.

In order to register, youngsters must present a birth certificate or other proof of age. Further information is available at 466-5171.

Gulls in Second Place; Face Off With Eagles

The San Diego Gulls open another important weekend in the tight Eagles in an 8 o'clock game at the Sports Arena.

The Gulls, in second place by themselves at the start of this week's action, then travel to Phoenix for a game tomorrow night and return to the Sports Arena Saturday nighte for a rematch against the hot Roadrunners.

Tomorrow night's game will be televised live and in color from Phoenix on KCST, Channel 39, as well as broadcast on KOGO radio (600). All Gulls' games, home and away, are on KOGO.

The Gulls carry a three-game winning sterak into tonight's game against the Golden Eagles. San Diego opened the New Year with losses to Phoenix and Salt Lake, this weekend's opponents, and have put together three wins since then.

Phoenix has come from the WHL cellar and is currently the Gulls' closest challenger for the runnerup spot in the league. The Roadrunners have won the last two games of the series with San Diego to close ground on the Gulls.

Leading the Phoenix charge against San Diego is the Roadrunners' Go-Go Line of Larry Lund, Andre Hinse and Frank Hughes. Hinse has 11 points in eight games against San Diego, while Hughes and Lund have nine points apiece.

Hinse is also challenging Bob Courcy for the WHL scoring lead, and the two will meet head-to-head this weekend.

Barry Watson leads Salt Lake scorers against the Gulls with eight points, while Dennis Kassian has csored five goals against the Gulls to lead in that department.

The Gulls made it three wins in a row by sweeping a series from the Seattle Totems at the Sports Arena last weeknd, winning 8-3 on Saturday night and then coming back with a 3-2 win on Sunday evening.

Courcy led the way against his former teammates on Saturday with two goals and two assists for a four point night. Alain (Boom Boom) Caron and rookie Jim Schraefel also had a pair of goals apiece in the game. The Gulls scored four goals in 3.05 early in the second period to blow the game wide open.

Len Ronson and Willie O'Ree paced the Gulls Sunday night, with Ronson scoring a pair of goals and O-Ree getting the other on a spectacular rink-long dash. O'Ree picked up the puck behind his own net and went all the way by himself, beat both Totem defensemen and whipped a shot past goalie Don Head.

All little leaguers and senior division players must be accampanied by a parent or guardian, and must bring a birth certificate or other proof of age.

Further information is available at 422-1069.

Greg Robinson Gets Pin To Win For Miguel

Greg Robinson's second period pin over his El Cajon opponent handed Mount Miguel's matmen a 25-19 victory over the extremely tough Braves.

Robinson, wrestling in the 167 pound weight class, pinned Kitts Early in the period to give Miguel a 25-8 lead. Miguel took four of the first five matches while the only Brave score was a 6-6 tie with Gino Cesena of Miguel. In that match, Cesena led going into the final period but fell hard on the mat, and was apparently stunned, which allowed Marsh to catch up and tie.

With the match already decided by Miguel, El Cajon scored three straight wins to achieve a respectable score.

The Matadors, who last year suffered a one point loss to the Braves, avenged that loss by winning their specialty, the light weights.

Jim Minor of Miguel opened the match with a 1-0 victory and that was promptly followed by Dale Siscon's 12-0 slaughter of his opponent. The next few matches were extremely close with Miguel eeking out 3-1, and 3-2 victories. Mark Shuff and Kevin Pullen each won easily for the Matadors and with the score 20-8, Robinson pinned Kitts to cinch the victory.

Matador coach Ned Blass, seemed pleased with the victory which evened Miguels' record at 1-1 in league action.

Late Prep Scores

Monte Vista Basketball

Led by Gary Earle's 27 points, the Monte Vista basketball team bounced El Capitan 70-58 Tuesday night at the winners' gymnasium.

Earle started his onsolt in the first quarter, scoring nine times, to help his team to a 16-10 first quarter lead.

In the second period, "The Pearl" had six more tallies, as the taller Monarchs swept to a 38-22 halftime lead.

In the second half, the Vaqueros settled down as Wade Vickery got a hot hand, hitting from the outside and the foul line, but Monte Vista kept the pressure on, and coasted to the win in the final period.

The Monarchs move on to El Cajon tomorrow night to take on the Braves, in a crucial game for both teams.

Race Day Planned

The Women's Auxiliary of the Spring Valley Little League is sponsoring "a day at the races" at Caliente Race Track, Sunday, Feb. 7.

Cost is $5 per person, which includes round trip bus transportation to Caliente, 3 cocktails, and a buffet luncheon. The bus will leave at 10:30 a.m. from Mount Miguel High School.

Information regarding tickets may be obtained by calling 479-1714 or 466-2359.

Pentathlon Set At Helix High

The La Mesa Recreation Department is sponsiring a pentathlon to be held at Helix High School January 16 for boys and girls ages 11-13 at 1 p.m.

Boys will compete separately from the girls in five events: 100-yard dash, long jump, high jump, shot put and 880-yard run.

No entry fee or registration is required for the event, but competitors must wear gym shoes or track shoes with spikes no longer than 1/4-inch. No awards will be given.

New Storm Brings .22 Rainfall

It was cold and rainy, although no one needed local meteorologist Don Norvell to tell them that.

But just how cold and how rainy is something else.

Norvell, who operates the official thermometers and rain guages at the local fire station, said .22 of an inch of rain fell Tuesday. That storm brought the season's total to 6.27. Last year at the same time the total was 2.01.

For the past week the low temperature was reported like this: Thursday, 27 degrees; Friday, 34; Saturday, 37; Sunday, 39; Monday, 40; Tuesday, 49, and Wednesday, 42.

Committee Meets

A citizen's advisory committee on a pending bond election for the Grossmont Union High School District started meetings last week, according to a spokesman for the school district.

The committee is to explore the needs for further funds which will be used to finance additions to overcrowded schools in the district and to decide how the communities in the district feel about the election.

IRS TAX ANSWERS ?

F. S. Schmidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) I don't have the money to pay all that I owe on my third quarter estimated tax. Can I pay part now and the rest next time?

A) You may have to pay a penalty based on a 6 percent annual rate if your payments are not made in full when they are due. To avoid the penalty, your estimated tax installment must be paid on time and should amount to at least 80 percent of your income tax when your return for the year is filed. Farmers and fishermen can avoid this penalty if their payments equal 66-2/3 percent of their total tax liability.

Q) I used an employment agency to get my job. Are the fees I paid deductible?

A) Yes, if you itemize expenses this will be deductible. If a job was not secured, the fees are nondeductible.

Q) I work part-time as a maid. How can I tell if social security is being paid for me?

A) Ask your employer whether these taxes are being paid for you. Employers are required to file a return and pay social security taxes for household employees when cash wages of $50 or more are paid to an employee during any calendar quarter. Employers are also required to provide employees with an annual statement of wages paid and social security taxes withheld.

A full statement of your Social Security coverage may be obtained by writing the Social Security Administration, Baltimore, Md. 21235. Give your name, address and ocial security number when you write.

Q) I took a loss when I sold some stock I inherited. Can I deduct this on my return?

A) If you sold the stock for less than its fair market value on the date of the decedent's death then you are entitled to either a short or long term capital loss depending on how long you owned the stock beginning with the date of death. Anything over six months would be a long term loss.

The majority of patients survive their first heart attack and return to productive activity, says your San Diego County Heart Association.

Original Composition Premiers January 26

By Lynn Jones

A new composition, "Convergence," written by Dr. Gerald Lloyd, Administrative Head of the United States International University's School of Performing Arts Music Division, 350 Cedar St., will be premiered January 26 at Western Michigan University, Kalamazoo.

The work by Dr. Lloyd which combine instrumentalists and pre-recorded music, was commissioned by Donald Bullock, concert trumpet artist on the faculty of Western Michigan University.

Lynn Jones

"Convergence" uses trumpet, bassoon, harpsichord, tow spotlights and tape," Dr. Lloyd explained. "The spotlights, one red, one green, move across a screen divided into seven sections. A pre-performance prepared two-channel tape consisting of electronically treated harpsichord and rock music is cued with the lighting."

"One uage of score, consisting of seven boxes of notations is used by the three instrumentalists. Their reading of the score is dictated by the movement of the two spotlights on the screen directly behind the playing area."

Another of Dr. Lloyd's original compositions, "Quinarius" for orchestra, will be performed January 28 by the Syracuse Symphony Orchestra, Pierre Hetu conducting.

This work, performed just last week by the Detroit Symphony Orchestra was commissioned last year by Maestro Hetu for the Kalamazoo Symphony.

"Maestro Hetu," Dr. Lloyd stated, "precedes each performance with a brief explanation of contemporary sound exploration by the avant-garde. Critics have received this coupling of explanation and performance with favorable comments."

"Quinarious" has been accepted for publication this summer. Other compositions by Dr. Lloyd have been published by Tenuto Press, MCA Music and Composers Autography Publications. Dr. Lloyd's chamber music has been performed throughout the United States by groups such as Contemporary Chamber Ensemble at Rutgers University and the groups for new music at Columbia University.

The Concert Choir, under the direction of David L. Glismann, and the College-Community Orchestra, conducted by Dr. Robert Emile, will open the concert with Johann Sebastian Bach's "Magnificat." Solo parts of "Magnificat" will be performed by sopranos Susan Johnson, Dora Walker, and Deborah Rader, mezzo, Rosie Priskos, alto, Dane Turner, tenor, David Brees, bass, and John Gress, guest tenor.

The concert will continue with the College-Community Orchestra playing "Matinees Musicales," by Benjamin Britten.

Following an intermission, the Chamber Chorale, also under the direction of David L. Glismann, will sing a group of eight songs. The Concert Band, conducted by Charles MacLeod, will play "Le Roi d'Ys Overture," by Lalo-Caillet; "Good Friday Spell," by Wagner-Slocum; "Polka and Fugue (Schwanda, the Bagpiper)," by Weinberger-Bainum and close the concert with "George Washington Bridge," by William Schuman.

The public is invited to enjoy an afternoon of music featuring the Concert Choir, Chamber Chorale, College-Community Orchestra and the Concert Band. There is no charge for admission to the annual musical event.

Employment Survey On Tap In This Area

A number of households in this area will take part in a nationwide survey on employment and unemployment to be conducted next week by the Bureau of the Census, Leonard C. Isley, Director of the Bureau's regional office in Los Angeles announced.

This is a continuing survey which the Census Bureau has been conducting each month since 1942. Households are selected by scientific methods to represent a cross section of all households throughout the United States.

Ecology Course Set For Spring Semester

Grossmont College will offer courses in both Biology and Chemistry dealing with man's environment during the Spring 1971 semester. The biology courses, titled Environmental Crises, Environmental Biology and Environmental Resources, will be offered in the evening as well as during the day, while the chemistry course, titled Introduction to Chemistry, will only be offered as a day course.

The biology courses will explore subjects ranging from the nature of our environment to the effect of man on environment and economics and pollution, as well as human values and environmental quality. Environmental Biology will include a study of plants and animals and the environments in which they live. A study of renewable resources and their importance to man's survival are included in the course on Environmental Resources.

The course titled Introduction to Chemistry has been designed for the non-science student who wishes to become acquainted with some of the history, fundamental concepts, modern applications and implications of chemistry. Topics studied will include drugs and clinical chemistry, agricultural chemicals, plastics, food additives, water and air pollution, household chemical products and nuclear energy.

According to Dr. Virginia Schellar who will teach the chemistry course, demonstrations involving student participation will take the place of a regular laboratory period.

Deadline for applications for these courses dealing with the environment and man's survival is January 22. Additional information on these courses and other courses during the Spring semester may be obtained by contacting the Admissions Office at the college.

Southwestern Enrollment Procedures Outlined

The Adminissions Office at Southwestern College has announced that the last day for accepting applications for enrollment for daytime students will be January 22.

Anyone wishing to enroll for the Spring semester either fulltime for parti-time as a day student must have their application forms completed and turned in by that date. Registration dates for all continuing day students will be January 25 through January 28.

Registration for new daytime students will be January 29 and February 3. Evening students who are continuing will register February 1 through February 4. New students who wish to enroll for evening classes can register on February 3 and February 4.

All necessary application forms which include proof of residence and transcripts, when the student is enrolled in more than 6 units, must be completed prior to registration.

The Admissions Office at Southwestern is open Monday through Thursday from 7:45 a.m. to 8 p.m. and on Fridays from 7:45 a.m. until 4:30 p.m. Information regarding registration procedures can be obtained at 420-1080, Ext. 47.

IRS To Train Tax Assistors

The Internal Revenue Service will continue its program of direct assistance to low income taxpayers through the Volunteer Income Tax Assistor project.

Designed to reach persons of greatest need, particularly in low income groups, VITA volunteers are being offered training by IRS technicians.

Basic tax return preparation courses are planned for interested members of social-welfare, service, religious and cultural organizations.

Information on the VITA program and applications for participants are available from any local Internal Revenue Office. There are 26 IRS locations in Southern California.

Bonnie And Clyde Is Film Planned Tonight

Grossmont College will open the 1971 Film Series when "Bonnie and Clyde" is presented at 7:30 p.m., tonight in the Fine Arts Lecture Hall.

Based on the lives of Bonnie Parker and gangster Clyde Barrow, "Bonnie and Clyde" stars Faye Dunaway and Warren Beatty in the title roles. Bonnie first meets Clyde when he tries to steal her mother's car. Attracted by Clyde's friendly manner, she joins him. He loses no time in proving his daring to Bonnie: he stages a holdup and they both make off in a stolen car on their way to a life of crime.

Working together, they rob banks and steal cars. After several more robberies, some of them unsuccessful, Bonnie and Clyde are joined by a garage mechanic, with a passion for cars, and Clyde's brother, Buck, and his wife Blanche. The five of them continue their raids and soon establish a reputation for themselves throughout the Southern states.

Their hideout is raided and they are forced to shoot their way out. Now wanted for murder, they are pursued from state to state before Bonnie and Clyde are ambused and killed as they sit in their car.

The film depicts how vicious acts can be committed by people more mixed up than mean. "Bonnie and Clyde" strips away the customary manner in which the 1930's, a period which produced a crop of gangster folk-heroes, have been used for cheap entertainment.

The public is invited to see a film that is the America of the early 30's, the depression, and the new hope offered by Roosevelt. The price of admission is $1.50 with tickets available at the door.

Goodwill Marks Founder's Day

National Founder's Day will be observed by the Goodwill Industries of San Diego County, January 19, commemorating the birth date of Dr. Edgar J. Helms, who originated the first Goodwill Industries in Boston, Mass., in 1902.

In the 69 years since the founding of the first program, Goodwill Industries have grown to include 144 units in the United States and in 22 foreign locations.

In addition, branch workshops and stores are located in nearly 1,000 additional cities. Collection drives by schools clubs and other groups extend Goodwill Industries activities into approximately another 7,500 cities throughout the United States.

The Goodwill Industries provides rehabilitation, job-training and employment to handicapped persons regardless of race or creed. Services are primarily made possible by public donations of repairable clothing and household articles, and through financial contributions.

New Federal Building Seen for San Diego

WASHINGTON — With an assist from Congress, a long-pending federal building-courthoue complex is headed for commpletion in San Diego by the end of 1973, reports Rep. Lionel Van Deerlin, D-San Diego.

When opened for business, on a three-block downtown location, the complex will house U. S. courts plus 18 other federal agencies now scattered about the San Diego area. The General Services Administration anticipates the consolidation will produce annual rental savings of about $462,000.

GSA, the federal housekeeping agency, provided Van Deerlin with a tentative timetable for the project, following Congressional approval last month of an initial $2.4 million appropriation for plans and design.

The schedule calls for submission of tentative designs next month, working drawings in July and the final design in October. GSA hopes to advertise for bids in November and award a construction contact in February of 1972. Actual construction will take about 22½ months, and if all goes well the complex will be ready for occupancy by Christmas, 1973.

GSA first declared the need for a new San Diego federal building in 1962, but the project could not be funded until it reached the top of a lengthy public building priority list maintained by GSA.

Although the San Diego project was formally authorized by Congress in 1968, GSA waited until late fall to request the first money for it. Van Deerlin said enacement in June of legistlation authorizing three additional federal judges for San Diego "provided the final impetus needed to get this project over the budgetary hump."

History Museum Plans Classes In Ocean Life

Free classes in Ocean Life, Amphibians and Reptiles, Life in Tidepools, and Marine Biology are being offered to junior members and children of family members of the San Diego Natural History Museum in Balboa Park.

There are so many scuba divers and snorkels dotting the ocean, the museum decided to give a class to tell 3rd and 4th graders the names of some of the fascinating creatures they may see even a foot below the surface of the sea.

The activities include microprojection of living plankton; dissections of squid and other marine animals; how to set up a marine aquarium, and slide lectures on local marine life.

The boys and girls will be encouraged to make their own shell collections from local beaches. Mrs. Priscilla Sloan will teach the course, which runs through March 1.

The 5th and 6th graders will study the amphibians and reptiles of the region with the general idea of being able to tell a rattler from a bullsnake or a turtle from a frog! Each session will cover a separate field of interest — anatomy, how reptiles and amphibians see, how they reproduce, move, act, and what effect they have on their environment. This course will be taught by Miss Catherine Milton.

Groundbreaking Set

Groundbreaking ceremonies for a $4 million structure to house one of the nation's leading centers of human aging research and training will be conducted Jan. 20 at the University of Southern California.

One In Three Women Smoke Stumbaugh Says

There's a package of cigarettes in one out of every three women's handbags in this country, Dr. Simon C. Brumbaugh said yesterday.

As Lemon Grove-Spring Valley area chairman of the Tuberculosis & Respiratory Health Assn. of San Diego & Imperial Counties, Dr. Brumbaugh zeroed in on one aspect of the hazards of smoking as the Christmas Seal agency participates in National Education on Smoking Week, Jan. 11-16.

Among women aged 18-54—wives, mothers, secretaries, and teachers — the percentage of smokers is highest in the 25-34 group, he said in citing recent statistics of the U. S. Public Health Service.

The PHS survey revealed that 34.7 per cent of women aged 18-24 smoke, 43.2 percent from 25-34, 41.1 percent from 35-44, and 37.3 percent from 45-54.

The same statistics indicate that the proportion of women who smoke a package of cigarettes or more a day doubled between 1955 and 1966, and that those who are just starting to smoke heavily are younger.

Free literature on smoking and tips on quitting are available at the health organization's San Diego office.

Fish And Game Association To Induct Officers

Induction of new officers and board members and some tall tales by the varmint hunters will hold the spotlight Thursday night when the San Diego County Fish and Game Association kicks off 1971 activities with an open meeting in the Balboa Park War Memorial Building, starting at 7:30. Capt. John Roumasset, of the Department of Fish and Game, will induct the new slate of officers headed by Bob Fleming, who takes over the helm as president. Ed Steiner will serve as vice-president.

The entertainment program will be headed by tall tales of the predator chasers. Fletcher Diehl, president of the San Diego Chapter of California Varmint Hunters, has lined up a group to recount hunting experiences.

The program also will include outdoor films designed to interest the sportsmen, and the public is invited.

Dating Game Duo To Visit AWSDO

SAN DIEGO — Dan Elia and Toni Terusa, who will be the couple on "The Dating game" program on Jan. 15 on ABC Television Network at 2:30 p.m., will be guests of the Andy Williams San Diego Open golf tournament on Jan. 27.

In addition to watching the final day of Pro-Am competition in the famed golf event, the couple will attend the AWSDO's popular Tee Party at the Sheraton Hotel that night where Pro-Am prizes will be awarded.

Also expected to attend the Tee Party after playing in the Pro-Am earlier in the day are such TV notable as Glen Campbell, Pat Boone, Dick Martin, Joey Bishop, Fred MacMurray, Bob Newhart, Don Adams, Chuck Connors, Monty Hall, Buddy Greco, Ed Platt and Dennis James.

The Dating Game couple will arrive in San Diego at 12:55 p.m. with their chaperone. They will be met by a local host and taken to lunch before watching the golf tourney. They will depart San Diego at 11:30 that night.

"The Dating Game" is seen five days a week on 193 stations throughout the country with a viewership in excess of 40 million homes.

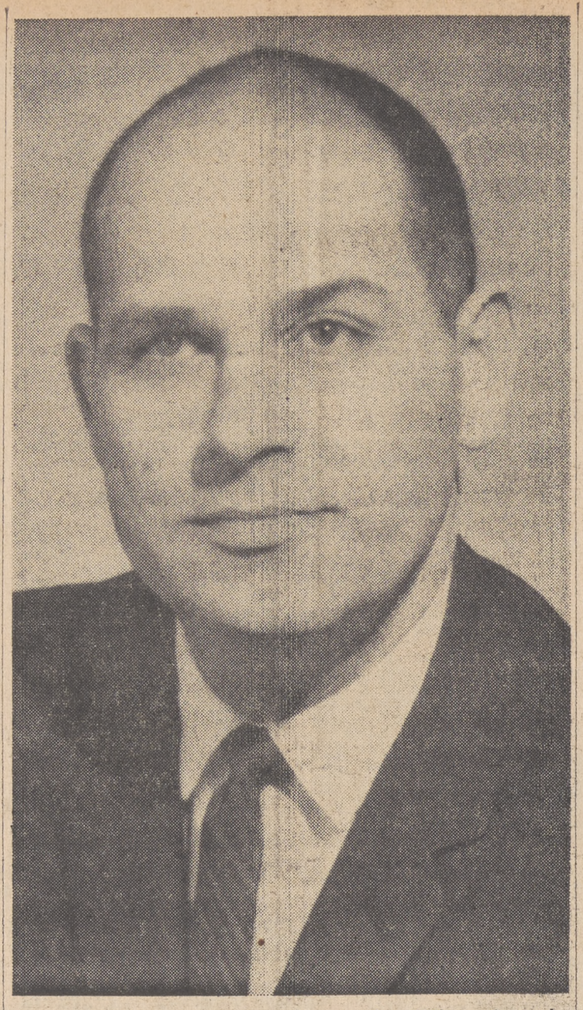

Blackout Here Lasts Half Hour

Portions of Lemon Grove were without electricity service last week for about half an hour, after a power pole was struck by an automobile, downing electric lines at Golden ave. and Acacia st.

According to a spokesman for the San Diego Gas and Electric Company, the 37-minute blackout affected two blocks of houses on Golden, and one block each on Broadway, Roy st., and Kemper st.

The incident occurred at 10:11 p.m. Friday night.

A rabbit's best defense is its speed.

COMMANDING OFFICER — Commander William C. Faulwetter, USNR-R, was appointed Commanding Officer of Naval Reserve Military Sealift Command Division 11-1, it was announced last week.
Faulwetter, a past president of the Spring Valley Chamber of Commerce, is an attorney and member of the Governing Board of the Grossmont College District.

Banks Offer Renewal Of Vehicle Registration

To make vehicle registration renewals more convenient for California motorists, many banks will once again provide "renewal windows" as a service to local citizens when 1971 begins.

DMV windows will be open at some banks during regular banking hours, through the close of business Friday, February 5, the legal registration deadline.

Department of Motor Vehicles employees at these temporary counters will accept fees, validate registration renewal cards, and issue 1971 stickers for license plates, said Department Director Robert C. Cozens.

He emphasized that DMV clerks at banks are able to handle only simple transactions in which the motorist submits his DMV renewal card with the fee shown.

A person needing special computations or adjustments, or wanting to change his registration, should call at a regular DMV office, he said, or at an office of an auto club of which he is a member.

"The banking fraternity has cooperated with our department for more than two decades to make this extra convenience available to residents of metropolitan neighborhoods," Cozens said. "We know that the public appreciates and takes advantage of it. Up to 15 percent of all non-mail renewals come through these banks."

Banks offering the service nearest to Lemon Grove and Spring Valley are the Bank of America at 414 North Magnolia, El Cajon, Bank of America at 2295 Fletcher Parkway, Fletcher Hills, and Bank of America at 235 East Eighth st., National City.

Deadline Nears For Veterans' Questionnaire

The deadline for submission of the Veterans Administration's annual income questionnaire is rapidly approaching, reminds David A. Leslie, County Veterans' Service Officer.

Leslie said the forms must be in the hands of the VA by Jan. 15. Veterans, widows, and veterans' parents will have their benefits terminated at the end of January if the form is not received on time.

The County Veterans' Service office, located in the County Courthouse, is available to lend assistance, Leslie said.

LG Fire Report

The Lemon Grove Fire Department balanced their fire and rescue calls last week, Jan. 4-11, with three fire calls and three rescue calls.

On Jan. 6 at 7:54 p.m., firemen went to the Trudy Hughes home, 2422 Buena Vista, where there was a short in the T.V. No damage was reported.

Jan. 9 at 8:44 a.m. firemen went to the Sarah Lane home at 7478 Central. A faulty fireplace caused about $50 damage to the floor.

At 11:03 p.m. n Jan. 10 firemen were on a mutual aid call with the State Division of Forestry on a house fire at 3853 American ave., north of Highway 94.

Rescuers, on Jan. 5, at 7:43 a.m., went to 7025 Waite dr., Apt. B. There John A. Holas, 45, was D.O.A.

Also on Jan. 5, at 11:39 a.m. rescuers went to 1712 Dupont. There 14-months old Nancy Blakeman, was sent to a hospital.

Jan. 10 at 9:20 p.m. Scott Craig, 8, of 8418 Golden ave., was given oxygen and sent to a hospital.

Malcolm Love Will Serve As Chairman Of S.D. Science Fair

Dr. Malcolm A. Love, president of San Diego State College has added another duty to his schedule. He will serve as chairman of the board of governors for the 1971 Greater San Diego Science Fair, it was announced this week.

The 17th annual Greater Fair will be held April 15 through 18 at the Federal Building, Balboa Park. It is organized to offer able junior high school and senior high students the opportunity to apply knowledged and creative thinking to projects in mathematics, science and engineering. Students from San Diego and Imperial Counties are eligle to participate.

Senior division boy and girl sweepstakes winners will enter their projects in the International Science and Engineering Fair, Kansas City, Mo., May 7-11.

Prior to March 12, junior and senior high schools enduct science fairs or project displays. From these presentations, the Greater Fair screening committee selects entries for the 4-day Greater Fair at Balboa Park. First school fair will be at Wilson Junior High School, February 2, at 1 p.m.

Within two divisions — junior or senior — students may create a project in one of ten categories. Categories are biology/microbiology, botany, zoology, medical sciences, psychology, chemistry/biochemistry, earth/space sciences, physics, engineering/electronics and mathematics/computers.

Winners at the Greater Fair will be announced Wednesday evening, April 14, at the Conference Building, Balboa Park. First, second and third place awards, consisting of medals and ribbons, will be made in each category in both the junior and senior divisions. Senior division boy and girl sweepstakes winners go to the International Fair.

Junior division sweepstakes winners receive special awards. Additionally, all first place individual award winners at the Greater Fair are invited to present their projects for competition at the California Science Fair in Los Angeles, May 21-30.

In 1970, a total of 486 junior and high school students entered projects in the Greater Fair.

Special features of the Greater Fair include educational tours to visit San Diego scientific laboratories and industries. Exhibitors are provided personal interviews for counseling with leading scientists and engineers. Science seminars are conducted by adult scientists and by exhibitors.

A student advisory committee composed of experienced exhibitors participates in planning the fair and in conducting the seminars. Schools and other organizations are invited to bring classes, clubs or special groups to visit the fair.

Trustees OK More Lunches

installation of a second service pole, and forfeiting the present discount rate. Other than the loss of the discount, no other costs would involve the district.

3) The District could retain the present voltage service and provide a cubicle for the housing of electrical transformers and equipment, at a cost ranging from $2,500 to $5,000. The district would also sacrifice the discount rate under the procedure.

Most Feasible

Trustees decided that, for the present time, it would be most feasible to accept the second alternative, allowing for the installation of a second utility pole.

The board noted, however, that it would be possible that a decision could be made at a later date to provide the cubicle, thus undergrounding the service.

If this decision is made, it will probably be when the new freeway goes through, which could be as late as 1975.

Letter Sent

In other action, the board approved the sending of a letter stating the district's feelings regarding a tentative school site for proposed developments in the Angelus Heights area.

The board also discussed the March of Dimes collection by pupils in the district, the possibilites of a continuous school year, and the pending governing board election.

Regarding the continuous school year plan, which is in effect at Valley View District in Illinois, the board discussed it as a possible solution for temporarily easing overcrowded conditions.

Stagger Schedules

Under the plan, students would attend school for 45 days and have a 15-day vacation. By staggering the schedules, schools could utilize facilities all year.

Dr. Robert Sutton, of the district, plans to visit the Valley View District next month while enroute to a research conference in New York, offering the district an opportunity to have additional information on the program at very little cost.

Nevins Named To Chair Board Of Equalization

The State Board of Equalization, meeting in its first session of the new year January 4, 5, and 6, has elected Richard Nevins of Pasadena chairman for 1971, succeeding George R. Reilly, of San Francisco. John W. Lynch of Fresno was elected vice-chairman.

Nevins, who represents the Fourth Equalization District, which includes the Southern California counties, said, following his election:

Nevins was nominated for the chairmanship by Lynch, and his nomination seconded by Houston I. Flournoy, State Controller.

Department Of Education Provides Mobile Program

The Department of Education, San Diego County, through its Regional Career Information Center is providing a Mobile Career Information Program aimed at assisting residents throughout San Diego County in obtaining training and job information.

The Career Information Center's Mobile Program is a new regional project sponsored by the San Diego County Department of Education and is funded through the Regional Occupational Program. It is designed to provide educational and vocational services and career information to adults and out-of-school youth in the City and County of San Diego.

Staffed by two career counselors, Mrs. Ken Karr and Mrs. Clare Hunter, in cooperation with local public school administrators, counselors, and teachers, the mobile program will assist community citizens in obtaining current data on educational and vocational training programs. The program will assist interested persons in career development activities, as well as making extensive use of all community agencies in serving the needs of citizens.

Geographic locations of the mobile unit are published and distributed throughout the county and are also available at the Career Information Center by telephoning 278-6400, extension 371.

Specifically the program will offer career information to assist citizens in obtaining current requirements for education and training needed to enter certain occupations in San Diego County. The program will also provide up-to-date information on all courses and training programs at adult education centers, community colleges, regional occupational programs, technical centers, and other programs that can assist individuals.

Special counseling services are also provided in the mobile unit. The counselors are available to assist individuals in assessing their vocational development.

Van Goes Overseas

WASHINGTON — Rep. Lionel Van Deerlin, D-Calif., has left Washington with a House group studying public broadcasting in Japan.

The House Committee Subcommittee on Communications and Power, on which Van Deerlin is the ranking majority member, must develop legislation in the next Congress permanently funding noncommercial television and radio in the United States.

With Great Britain's BBC, the Japan Broadcasting Corp. (NHK) is one of the world's two largest government-supported broadcast agencies.

Accompanying the San Diego congressman are Rep. Robert O. Tiernan, D-R.I., and Donald G. Brotzman, R-Colo.

Van Deerlin said that while in Japan he intends also to have a look at the high-speed rail service which moves passengers from Tokyo to Osaka, 320 miles distance, in three hours.

Name Change OK'd

The San Diego County Board of Education voted last Wednesday to approve a name change for all junior college districts in the county, making the new term "community college".

The new terminology, authorized by the 1970 State legislature, went in to effect immediately.

Although the Grossmont Junior College District was known by that name, the college has always been known as "Grossmont College."
